

Publikationen 2006 - Paraplegikerzentrum

Originalarbeiten

Baken BCM, Nieuwenhuijzen PHJA, Bastiaanse CM, Dietz V, Duysens J. Cutaneous reflexes evoked during walking are reduced when self-induced. *The Journal of physiology* 2006;570:113-124

Bastiaanse CM, Degen S, Baken BCM, Dietz V, Duysens J. Suppression of cutaneous reflexes by a conditioning pulse during walking. *Experimental brain research* 2006; 172:67-76

Boy S, Reitz A, Wirth B, Knapp PA, Braun PM, Haferkamp A, Schurch B. Facilitatory neuromodulative effect of duloxetine on pudendal motor neurons controlling the urethral pressure – a functional urodynamic study in healthy women. *European urology* 2006;50:119-125

Diehl P, Kliesch U, Dietz V, Curt A. Impaired facilitation of motor evoked potentials in incomplete spinal cord injury. *Journal of neurology* 2006;253:51-57

Dobkin BH, Curt A, Guest J. Cellular transplants in China: observational study from the largest human experiment in chronic spinal cord injury. *Neurorehabil Neural Repair*. 2006;20:5-13.

Faist M, Hoefler C, Hodapp M, Dietz V, Berger W, Duysens J. In humans Ib facilitation depends on locomotion while suppression of Ib inhibition requires loading. *Brain research* 2006;1076:87-92

Frey M, Colombo G, Vaglio M, Bucher R, Jörg M, Riener R. A novel mechatronic body weight support system. *IEEE transactions on neural systems and rehabilitation engineering* 2006;14/3:311-321

Frey M, Hoogen J, Burgkart R, Riener R. 9 DOF Haptic Display of the Munich Knee Joint Simulator. *MIT Presence* 2006;15:570-587

Frey M, Riener R, Michas C, Regenfelder F, Burgkart R. Elastic properties of the intact and ACL ruptured knee joint: measurement, mathematical modelling, and haptic rendering. *Journal of biomechanics* 2006;39/8:1371-1382

Haferkamp A, Freund T, Wagener N, Reitz A, Schurch B, Doersam J, Schumacher S, Bastian PJ, Buettner RJ, Mueller SC, Hohenfellner M. Distribution of neuropeptide Y-containing nerves in the neurogenic and non-neurogenic detrusor. *BJU international* 2006;97:393-399

Halder P, Curt A, Brem S, Lang-Dullenkopf A, Bucher K, Kollias S, Brandeis D. Preserved aspects of cortical foot control in paraplegia. *NeuroImage* 2006;31:692-698

Karsenty G, Reitz A, Lindemann G, Boy S, Schurch B. Persistence of therapeutic effect after repeated injections of botulinum toxin type A to treat incontinence due to neurogenic detrusor overactivity. *Urology* 2006;68:1193-1197

Lam T, Anderschitz M, Dietz V. Contribution of feedback and feedforward strategies to locomotor adaptations. *Journal of neurophysiology* 2006;95:766-773

Lünenburger L, Bolliger M, Czell D, Müller R, Dietz V. Modulation of locomotor activity in complete spinal cord injury. *Experimental brain research* 2006;174:638-646

Müller R, Dietz V. Neuronal function in chronic spinal cord injury: Divergence between locomotor and flexion- and H-reflex activity. *Clinical neurophysiology* 2006;117:1499-1507

Müntener M, Reitz A, Wefer B, Schurch B. Systemic augmentation of nitric oxide: is there an immediate effect on the urinary flow rate in healthy men? *Urologia internationalis* 2006;76:31-35

Müntener M, Schurch B, Wefer B, Reitz A. Systemic nitric oxide augmentation leads to a rapid decrease of the bladder outlet resistance in healthy men. *European urology* 2006;50:112-118

Riener R, Lünenburger L, Colombo G. Human-centered robotics applied to gait training and assessment. *Journal of Rehabilitation Research & Development* 2006;43:679-694

Schmid DM, Sauermann P, Werner M, Schuessler B, Blick N, Muentener M, Strebel RT, Perucchini D, Scheiner D, Schaer G, John H, Reitz A, Hauri D, Schurch B. Experience with 100 cases treated with botulinum-A toxin injections in the detrusor muscle for idiopathic overactive bladder syndrome refractory to anticholinergics. *The Journal of urology* 2006;176:177-185

van Hedel HJ, Waldvogel D, Dietz V. Learning a high-precision locomotor task in patients with Parkinson's disease. *Movement disorders* 2006;21:406-411

van Hedel HJA, Curt A. Fighting for each segment: estimating the clinical value of cervical and thoracic segments in SCI. *Journal of neurotrauma* 2006;23:1621-1631

van Hedel HJA, Tomatis L, Müller R. Modulation of leg muscle activity and gait kinematics by walking speed and bodyweight unloading. *Gait Posture* 2006;24:35-45

van Hedel HJA, Wirz M, Curt A. Improving walking assessment in subjects with an incomplete spinal cord injury: responsiveness. *Spinal cord* 2006;44:352-356

Werner CM, Weishaupt D, Blumenthal S, Curt A, Favre P, Gerber C. Effect of experimental suprascapular nerve block on active glenohumeral translations in vivo. *J Orthop Res* 2006;24:491-500.

Werner CM, Blumenthal S, Curt A, Gerber C. Subacromial pressures in vivo and effects of selective experimental suprascapular nerve block. *J Shoulder Elbow Surg* 2006;15:319-323.

Wirth B et al. Selective ankle control in incomplete spinal cord injury. *Neurorehabilitation and neural repair* 2006;20:224-225

Wirz M, van Hedel HJ, Rupp R, Curt A, Dietz V. Muscle force and gait performance: relationships after spinal cord injury. *Archives Physical Medicine and Rehabilitation* 2006;87:1218-1222

Wydenkeller S, Liechti M, Müller R, Curt A. Impaired scaling of responses to vestibular stimulation in incomplete SCI. *Experimental brain research* 2006;175:191-195

Übersichtsarbeiten (Reviews)

Denys P, Corcos J, Everaert K, Chartier-Kastler E, Fowler C, Kalsi V, Nitti V, Schulte-Baukloh H, Schurch B. Improving the global management of the neurogenic bladder patient: part I. The complexity of patients. *Current medical research and opinion* 2006;22:359-365

Denys P, Corcos J, Everaert K, Chartier-Kastler E, Fowler C, Kalsi V, Nitti V, Schulte-Baukloh H, Schurch B. Improving the global management of the neurogenic bladder patient: part II. Future treatment strategies. *Current medical research and opinion* 2006;22:851-860

Dietz V, Curt A. Neurological aspects of spinal-cord repair: promises and challenges. *Lancet. Neurology* 2006;5:688-694

Karsenty G, Corcos J, Schurch B. [Urological applications of botulinum toxins] *Progrès en urologie* 2006;16:263-274

Schurch B. Botulinum toxin for the management of bladder dysfunction. *Drugs* 2006;66:1301-1318

E-Publications

Sonstige Beiträge in wissenschaftlichen Zeitschriften (Editorials, Abstracts, Corrections)

Corcos J, Schurch B. Use of Botulinum Toxin in Overactive Bladder. *European urology supplements* 2006;5/11: 667-696

Schurch B, Schulte-Baukloh H. Botulinum Toxin in the Treatment of Neurogenic Bladder in Adults and Children. *European urology supplements* 2006;5/11:679-684

Buchbeiträge

Schurch B. Botulinum-Toxin Injection to treat Neurogenic Bladder Dysfunction in Pediatric Patients. In: Pediatric Neurogenic Bladder Dysfunction. Esposit C, Guys JM, Cough D, Savanelli A. (Hrsg.). 2006

Schurch B. Traitement pharmacologique des dysfonctionnements des sphincters urinaires. In: Les fonction sphinctériennes. Amarenco G, Chantraine A. (Hrsg.). 2006

Leserbriefe

Dietz, Volker Good clinical practice in neurorehabilitation. Lancet. Neurology 2006;5:377-378

Field-Fote EC, Dietz V. Letter to the editor. Neurorehabil Neural Repair 2006;20(1):233; author reply 233-4. No abstract available.

van Hedel HJ. Weight-supported treadmill versus over-ground training after spinal cord injury: from a physical therapist's point of view. Phys Ther. 2006;86(10):1444-5; author reply 1445-7. No abstract available.

Lectures

Dietz V. G. Heiner Sell memorial lecture: neuronal plasticity after spinal cord injury: significance for present and future treatments. J Spinal Cord Med. 2006;29(5):481-8.
