**Prof. Marc F. Swiontkowski**

*Editor-In-Chief of The Journal of Bone and Joint Surgery*

## The Reinhold Ganz Lecture

Reinhold Ganz has opened a new era of understanding and treatment of hip disease. As a Chair of the Department of Orthopaedics of the University of Berne he has fostered academic orthopaedic excellence and educated a generation of orthopaedic surgeons. As a Consultant at the Department of Orthopaedics of the University of Zurich from 2004 to 2007 he served as a role model for analyzing and treating orthopaedic problems and substantially contributed to the Department's development.

In recognition of his past and present contributions, «The Reinhold Ganz Lecture» was created in 2010. We are proud to invite to the 10<sup>th</sup> Reinhold Ganz Lecture.

### Prof. Marc F. Swiontkowski

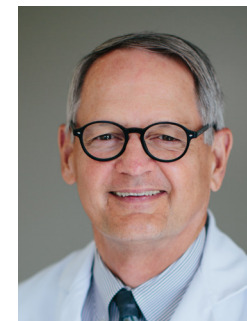

Marc F. Swiontkowski is Professor of Orthopaedics and Adjunct Professor of Public Health at the University of Minnesota. He received his orthopaedic education at the University of Washington in Seattle. At Harborview Hospital he developed his dedication to orthopaedic trauma which he pursued throughout his career first as a Professor at Harborview later as Department Chair in Minnesota. Dr Swiontkowski has a long-standing and close relation to Swiss Orthopaedics which is based on his research fellowship at the AO Institute at Davos in 1985. He has contributed extensively to our current knowledge and practice with a focus on lower extremity fractures and their complications with a huge impact in this field. In 2014 he assumed the position of Chief Editor of the Journal of Bone and Joint Surgery, which he rejuvenated to become the most important Journal of Orthopaedics again. We are honored to welcome Dr. Swiontkowski as our 2020 Reinhold Ganz lecturer.
